GREATER PIKE
COMMUNITY FOUNDATION

MESSAGE FROM THE OUTGOING BOARD CHAIR

I am pleased to present the 2023 annual report of Greater Pike Community Foundation.

It has been a great year, a busy year, and we have been able to provide more grants than ever before. Soon we will be passing the \$2 million milestone and none of it would be possible without the generous support of local businesses and individuals. Whether it is establishment of a new fund, sponsorship of our annual dinner or a \$25 check, I appreciate all who have supported this community and placed their trust in Greater Pike.

Most people donate to charity because they want to give back to society, to reduce inequality by using their good fortune to help others less fortunate. But the specific causes a person chooses to support reflect that person's passions, background and goals. Jean Hoff designated the Pike County Public Library as the beneficiary of the Hoff Fund and Richard Snyder specified five areas he wanted to support including cultural festivals and improvements to the town of Milford. You may want to support housing, education, arts or emergency services – we have a fund for that. If there is an area where help is needed, we can create a new fund to provide support.

One notable fund established this year is the Pike Medical Foundation Fund. This fund, initially established by the county with \$2 million in public funds, will support medical services within Pike County with a goal of bringing desperately needed urgent care and hospital services to our community. I am proud that we are part of this partnership with local government and regional healthcare providers.

Because of you, our generous donors and the professionals and volunteers who work with our local nonprofits every day, we are creating a lasting legacy in our community. I love living in Pike County and am so excited to see what the next years will bring!

For good. Forever.

Gail Shuttleworth

PEOPLE WHO CARE... CAUSES THAT MATTER

YOUR GIFT WILL SUPPORT THOSE LOCAL PROGRAMS AND NONPROFIT ORGANIZATIONS THAT ARE MOST IMPORTANT TO YOU.

MESSAGE FROM THE EXECUTIVE DIRECTOR

As I step into the role of leading the Greater Pike Community Foundation, I'm simultaneously humbled and inspired by the incredible work the board, donors, fund holders, staff, and our grantees have achieved in our community.

The impact this organization has had over the past year -- as detailed in this report -- and since its inception 11 years ago has created a legacy of positive change, and I look forward to working alongside our Board of Directors to chart the course for the foundation's future, building on our past successes and exploring innovative ways to address the evolving needs of the greater Pike community.

Over the course of my 20+ year career in the nonprofit sector, I've witnessed the transformative power of community foundations, and I hope to leverage Greater Pike's unique position to connect residents, businesses, and nonprofits to create synergies that transcend challenges, promote sustainable growth, and ensure a brighter future for Pike County and its residents.

As we embark on this journey together, I'm excited to get to know each of you, hear your stories, insights, and aspirations for the foundation and our community, and to work collaboratively to ensure the Greater Pike Community Foundation continues to be a force for good, forever.

Thank you for the warm welcome I have received thus far -- here's to a year of growth, collaboration, and meaningful impact!

Warm regards,

Rick Little
Executive Director
Greater Pike Community Foundation

MESSAGE FROM THE INCOMING BOARD CHAIR

Before I joined the Greater Pike board in 2021, the Foundation was nascent, having started out with funds of \$10,000 in 2012. Under the terrific leadership of our founding board chair Jim Pedranti and his successor Gail Shuttleworth, assets have grown to more than \$6,000,000; we now manage 38 funds, have an Executive Director and several part-time staff, and have distributed nearly \$2,000,000 in grants and scholarships since our founding. This is a spectacular record of accomplishment for a community foundation that began as an idea.

As Greater Pike's new Board Chair, I am lucky to work with a fantastic and committed Board of Directors and staff. I want to wish a warm welcome to our new Executive Director, Rick Little, whom I know you'll enjoy getting to know; together, we're going to do great things. If you want to help, I hope you'll reach out and consider creating a fund at Greater Pike, supporting our annual dinner, joining our Legacy Society, or donating to one of the many funds we serve.

For good. Forever.

Pike Medical Foundation Fund

In 2023, The Pike Medical Foundation Fund of Greater Pike Community Foundation was created by the Pike County Commissioners. The fund's goal is to support and enhance existing and future medical services within Pike County. The Commissioners allocated \$2 million of American Rescue Plan Act (ARPA) funds to establish the Foundation Fund through Greater Pike Community Foundation. Establishing the fund with Greater Pike creates financial stability for an initiative that can address the growing medical needs of the region into the future.

Greater Pike's Board Chair, Gail Shuttleworth said, "Access to healthcare is one of the biggest challenges facing many communities and it is particularly difficult in Pike County where we currently have no hospital or urgent care facility. The Commissioners are working hard to bring an urgent care center to the county in 2023, and Greater Pike is proud to partner with them in establishing the Pike Medical Foundation Fund. This new Fund can support a range of related services including community health programs, emergency services and transportation."

Endowment Funds

The object of an endowed fund is to sustain a nonprofit into the future with an income stream even through unstable times. Any size nonprofit organization can establish an endowment fund at Greater Pike using an endowment gift from a donor or a portion of an organization's funds.

In 2023, Family Promise of the Poconos set up an endowment fund with Greater Pike Community Foundation. The Promise of a Better Future Organizational Endowment Fund supports emergency help for those facing temporary homelessness—a growing need in Pike County. The fund will help strengthen Family Promise's long-term sustainability, financial stability and future success.

Enid Logan, Executive Director of Family Promise said, "We can't predict the future and an endowment fund with Greater Pike will help Family Promise be better poised to change with the evolving needs of the community."
