

Board Development for Non-Profits

Tuesday October 22, 2019 8:00 - 10:30 AM
(Breakfast - 8:00 - 8:30 AM)

Pike County Training Center, 135 Pike County Blvd. Lords Valley

With increasing demands on people's time, nonprofit organizations are finding it difficult to retain qualified, experienced board members and staff to function effectively and grow. The volunteer Board is critical for setting organizational policies, and seeing that staff implement these policies to achieve the nonprofit's mission in the community.

This workshop will help board members and staff to better understand the organizational structure of the organization they serve, their roles and responsibilities serving on a Board and make board development a routine part of the organization's procedures and practices.

Board Development for Non-Profits

Sponsored by Greater Pike

Community Foundation

Registration: \$10

Registration Deadline - October 11
